a Cause  
Make bracelets  
from recycled  
paper beads  
which supports  
Reason2Smile and  
the JamboJipya  
Children's Home  
in Mwtapa, Kenya**

Want an activity that is not only fun but promotes social action and awareness? Why not think about a recycled paper beading project that supports Reason2Smile. R2S is a registered non-profit in New York on a mission to help provide educational opportunities for children at the Jambo Jipya Children's home including food, clothing and healthcare. By doing so we hope to positively impact others and to encourage individuals around the world to be in service to others. By purchasing bracelet kits at \$3.00 a piece (includes all materials and instructions on how to make), students can make a beautiful bracelet that they can proudly wear and in doing so know they are helping to make a difference in the lives of others.

It is up to you how many kits you want available for your students – 20, 30, 40, 50 or more.

If in a school you can make the activity free for students by asking the PTA or a community service club - Key Club, Builder's Club, Honor Society, Global Awareness, Student Council to provide the funding.
